

Erin (now 7) Ffion (now 5) Brogan (18 mths)

All my girls have attended Doodles from the age of approx 9 months. I can't fault the care & support given over the past 6 years. Brogan attends 3 days a week & ~~is~~ really enjoys coming & never gives me a backwards glance. This is because she feels happy, safe & settled whilst here. The staff that care for her are the same staff that cared for Erin five years ago which I feel is brilliant. All needs, or worries are always adhered to without a problem. Thanks Doodles Staff for all your wonderful support during Brogan's daddy's recent critical illness your support helped us all especially Brogan during this difficult time.
Amazing nasey & staff thanks.

Lynette & David Kilbride.
